

# WILD BLUE YONDER

## WHITE WATER RAFTING

### ACTIVITY INFORMATION

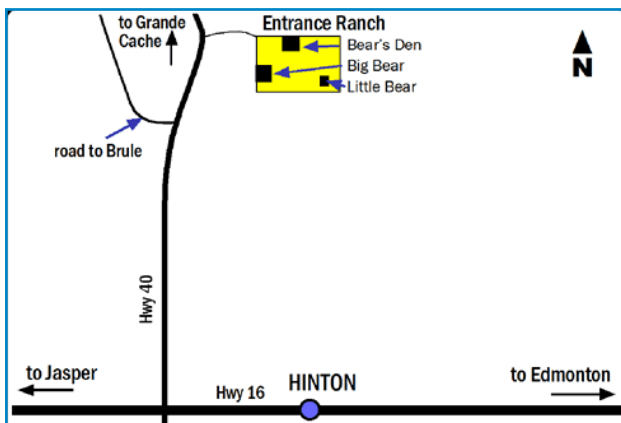

#### Rock Lake Camp

Rock Lake Camp is nestled among high, green hills next to the north fork of the Wildhay River. The river is rain fed, so it can be high or just a trickle. There are glorious mountain views in various areas close to the camp. The camp is complete with a Cook Tent, and all guests are welcome to pull up a pack box log or stump and share their experience with each other. This camp is a real back country pack trip adventure.

Meet us at Entrance Ranch and follow us to the camp, or meet us right there. From the parking spot we will head out to the camp about 11/2 km [1 mile] easy hike. From the camp we can do day, half day or shorter rides.

There is one day ride that goes into Jasper Park and another that heads into Willmore Wilderness Park. The other day rides are in Rock Lake/Solomon Valley Park where camp is located. Food is provided, however it can be arranged for a group to bring their own food and cooking equipment. It is preferred that people have some riding & camping experience as there is some rugged terrain. This rugged terrain includes mountain views, hill climbs, forests and river crossings.

**To meet us at Entrance Ranch see map below. To meet us at Rock Lake Trail Head please follow directions below:** From the north: follow highway 40 south from Grande Cache [about 50-60 min drive] until you see the Rock lake sign on your left. From the south: [Hinton] it's about 35 km and a left turn at the Rock lake sign. Follow gravel road for 20 km. When the road forks keep right, go for 1/2 km until you see the equine camping sign on the right and pull in here. Here you will park and we will be there to meet you.

#### What to Bring:

- Tent (big enough to accommodate the group for sleeping)
- Sleeping Bag & Sleeping Pad
- Duffle Bag to pack personal belongings in
- Rain gear for riding in -- slickers or coats, not ponchos!
- A hat with a brim for sunshine or rain
- Lots of film and your camera
- Flashlight, gloves, personal beverages
- Extra medication (in case of a delay).
- Fleece clothing: loose, comfortable fleece sweats for relaxing and sleeping in.
- Layered clothing is best. You can be sunbathing at noon and in a ski jacket at sundown.
- Boots with a heel for riding, a pair of runners or hiking boots for exploring.
- Lots of socks are great, grass is often wet in the morning.
- Your own personal wash kit, plus a towel or two.
- A warm sleeping bag and a foamy or air mattress -- nights can be cool.

**Per Person:** (food & cooking included): \$180.00/day

**Per Person:** (without food & cooking): \$150.00/day

**Min Number:** 6

**Age Guidelines:** Children should be old enough to ride on their own.
